

Griff[®]BIN

Bigger is Better
The tallest bin
available

Ideal for
use in
Operating
Theatres

Tallest bin available

The Griff®Bin is reliably sturdy with a secure closure mechanism. The ridge around the top allows for ease of handling and stacking.

The height of the 60 litre Griff®Bin makes it ideal for use in operating theatres.

Hermetically sealed lid ensures that once locked, the lid is fully secured and will not open

Manufactured in HDPE

UN 3291 approved

Pedal frame available
