

G&N's Recycled Clinical Waste Containment Range

Calling all NHS Trust's, Waste Management companies and users of clinical waste & sharps containers.

Consider These Two Questions:

- 1) Are you worried about the plastic tax which is due in on the 1st of April 2022?
- 2) Are you struggling to find a viable solution to your sustainability needs?

The Solution:

At G&N, we are committed to doing all we can to help our customers & partners reduce their emissions and have worked tirelessly to develop products & solutions which will help achieve this.

We are proud to help develop our unique products and help accelerate the UK healthcare sector's drive to achieve net carbon zero status – and save our customers money in the process.

The Products lines:

Griff Eco - Yellow Recycled Clinical Waste Containers

The UK's first recycled container available in **YELLOW**

Made from up to 100% recycled plastic

Griff Carton - The lightweight clinical waste solution

Made from 70% recycled cardboard, 66% reduction in raw material, Store 4x as many units

Griff Pac & Griff Pac Recycled - The lightweight clinical waste solution
