

PRODUCT LIST

General Information

The NEXA® NPWT System

The NEXA System combines the simplicity of disposable NPWT with performance features of traditional durable NPWT technology platforms.

The NEXA® NPWT System is intended for patients who may benefit from the application of negative pressure to the wound to promote wound healing through the removal of excess exudates, infectious material and tissue debris.

The order numbers were last updated on the 1st September 2023.

Our 365 Leasing Program

The program provides you with a total of 7 units to give you 365 days of total therapy. The 365 program is ideal if you have high utilisation of NPWT, providing a cost effective option, effectively getting one device for free.

Every eight weeks we exchange the device for a new one.
